

# SFB-TR 84 "Innate Immunity of the Lung: Mechanisms of Pathogen Attack and Host Defence in Pneumonia"

**Retreat - Schloss Rauischholzhausen 13.-15.03.2012**

Datum	Uhrzeit	Referent	Titel	Ort	min
13.03.2012	13:00	Mittagessen			75
	14:15	Suttorp	Begrüßung	HS	5
	14:20	Bauer/ Opitz (A1)	Innate immune recognition of bacterial nucleic acids in pneumonia		25+15
	15:00	Wygrecka/ Preissner (A2)	The role of extracellular RNA and RNA-binding proteins in lung infection and inflammation	HS	25+15
	15:40	Kaffeepause			45
	16:25	N'Guessan/ Suttorp / Aly (B1)	Analysis of the role and regulation mechanisms of peptidoglycan recognition peptides (PGLYRPs) in pneumonia	HS	25+15
	17:05	Herold/Pleschka/ Wolff (B2)	Cell-type specific roles of the TRAIL-DR5-axis in influenza virus pneumonia. Impact of viral replication, host defense and pathogenicity	HS	25+15
	17:45	Kaffeepause			30
	18:15	Weissmann (Abendlecture)	Tobacco-Smoke-Induced Emphysema and Pulmonary Hypertension in Mice	HS	45+15
	19:15	Abendessen			
14.03.2012	9:00	Hackenberg (Z2)	Allgemeines, Konferenz 2012, Grad. Schools etc.	HS	30
	9:30	Lohmeyer/ Hackstein (B3)	Impact of macrophage/dendritic cell subsets on inflammation control in pneumonia caused by Streptococcus and Klebsiella pneumoniae	HS	25+15
	10:10	Kaffeepause			30
	10:40	Santos/ Schermuly (B4)	Novel pathways of neutrophil-endothelial cell interaction in acute bacterial pneumonia: impact on transmigration kinetics and organ failure	HS	25+15
	11:20	Meisel A/ Meisel C/ Volk (B5)	Paralysis of pulmonary immunity by neurohumoral mechanisms	HS	25+15
	12:00	Mittagspause			120
	13:00	Parkführung			
	14:00	Ralph Schermuly	Methodischer Vortrag zur funktionellen Bildgebung (FMT/CT Devise)	HS	30+15
	14:45	Günter Lochnit	Methodischer Vortrag: Massenspektrometrie	HS	30+15
	15:30	Kaffeepause			30
	16:00	Meet the Expert	1. Massenspektrometrie (Lochnit) 2. Narkoseregime bei Labornagern (Gutbier)	HS WS	60
17:00		3. Funktionelle Bildgebung (Schermuly) 4. Basic rules of PCR and qPCR – primer design and beyond (Sittka, Schulz)	HS WS	60	

Datum	Uhrzeit	Referent	Titel	Ort	min
	18:00	Kaffeepause			30
	18:30	A. Günther (Abendlecture)	Role of ER stress in pulmonary infection	HS	45+15
	19:30	Abendessen			
<b>15.03.2012</b>	9:00	Witzenrath / Mayer (C3)	Lipid mediators and resolution of inflammation in pneumonia	HS	25+15
	9:40	Hocke/ Hippenstiel (C5)	Interference of S. pneumoniae and L. pneumophila with glucocorticoid dependent signalling in pulmonary cells and human lungs	HS	25+15
	10:20	Kaffeepause			30
	10:50	Wissenschaftlicher Austausch in Kleingruppen		HS	01:45
	10:35	Meetings SFB-Vorstand / Advisory board (parallel)		WS	60
		Meetings SFB-Vorstand +Advisory board (together)		Bibl.	60
	12:35	Mittagessen			55
	13:35	Abreise			

HS: Hörsaal  
WS: Weißer Saal  
Bibl: Bibliothek

Tagungsort: Schloss Rauschholzhausen  
Ferdinand-von-Stumm-Straße  
35085 Ebsdorfergrund-Rauschholzhausen  
<http://www.uni-giessen.de/uni/einrichtungen/Rauschholzhausen/>

Unterkunft: Schloss Rauschholzhausen

Koordination: Eva Hackenberg (eva.hackenberg@charite.de)  
Margit Buhl (margit.buhl@innere.med.uni-giessen.de)

Anmeldung: Login: [www.sfb-tr84.de/retreat.html](http://www.sfb-tr84.de/retreat.html)

Transfer: Bahn, Bus-Shuttle zwischen Marburg-Rauschholzhausen-Gießen  
Bus Abfahrt: Marburg am 13.03. ab 11.40 / RHH am 15.03. um 13:35

Sponsoring: MSD SHARP & DOHME GMBH
