

Retreat 17.-18.03.2011 in Rauschholzhausen

| Datum | Uhrzeit | Referent | Programm | R.* | Zeit (min) |
|-------------------|--|--|--|-------|------------|
| 17.03.2011 | 13.00 | Mittagsimbiss | | Fo | |
| | 14:00 | Stefan Hippenstiel/ Eva Hackenberg | Allgemeines | WS | 30+10 |
| | 14:45 | Achim Gruber | SOP zur Gewebebank | | 5+10 |
| | 15:00 | Stefan Bauer/ Bastian Opitz | Innate immune recognition of bacterial nucleic acids in bacterial pneumonia (A1) | | 20+10 |
| | 15:30 | Philippe N'Guessan | Analysis of the role and regulation mechanisms of peptidoglycan recognition peptides (PGLYRPs) in pneumonia (B1) | | 20+10 |
| | 16:00 | Kaffeepause, Fotosession | | Fo | 30 |
| | 16:30 | Susanne Herold/ Stephan Pleschka/ Kristina Schierhorn | Cell-type specific roles of the TRAIL-DR5-axis in influenza pneumonia. Impact of viral replication, host defense and pathogenicity – Getting started. (B2) | TS | 20+10 |
| | 17:00 | Themenmeeting | | | |
| | | 1. Andreas Hocke(C5), Maria Loose (A4) | siRNA: Transfektionsmethoden, Planung und Durchführung | WS | 30 |
| | | 2. Jan-Moritz Doehn (C2) | Vorstellung, Vor- und Nachteile von im SFB verwendeten "Knockout-Modellen" (Cre/loxP-System) | | |
| | | 3. Odilo Engel (B5) | Histologie der Lunge | TS | 30 |
| | | 4. Holger Hackstein, Nelli Baal (B3) | TransregioFACS-Sort | | |
| | 18:00 | Kaffeepause | | | 30 |
| | 18:30 | Konstantin Mayer | Lipid mediators and resolution of inflammation in pneumonia (C3) | TS | 20+10 |
| 19:00 | Invited Speaker Hans-Dieter Klenk (Universität Marburg) | Determinanten der Pathogenität und Wirtsspezifität von Influenzaviren | | 45+15 | |
| 20:00 | Abendessen | | Re | | |
| 18.03.2011 | 8:30 | Odilo Engel | Vagal influences on immunodepression in stroke (B5) | TS | 20+10 |
| | 9:00 | Patricia Eifart | Interference of <i>S. pneumoniae</i> and <i>L. pneumophila</i> with glucocorticoid dependent signalling in pulmonary cells and human lungs (C5) | TS | 20+10 |
| | 9:30 | Kaffeepause | | Fo | 30 |
| | 10:00 | Behnaz Bayat | Novel pathways of neutrophil-endothelial cell interaction in acute bacterial pneumonia: impact on transmigration kinetics and organ failure (B4) | TS | 20+10 |
| | 10:30 | Invited Speaker Khalil Bdeir (University of Pennsylvania) | Neutrophil alpha-defensins cause lung injury by disrupting the capillary-epithelial barrier through LRP | TS | 30+15 |
| | 11:15 | Mittagsimbiss + Closing | | Fo | |
| ca. 12:00 | Vorstandssitzung | bis 13:15 | Bi | | |

Tagungsort: Schloss Rauschholzhausen
Ferdinand-von-Stumm-Straße
35085 Ebsdorfergrund-Rauschholzhausen
<http://www.uni-giessen.de/uni/einrichtungen/Rauschholzhausen/>

Unterkunft: Schloss Rauschholzhausen

Anmeldung: Eva Hackenberg (eva.hackenberg@charite.de)
Margit Buhl (margit.buhl@innere.med.uni-giessen.de)

Transfer: Bahn, Bus-Shuttle zwischen Gießen-Rauschholzhausen-Gießen
Busshuttle: 17.03.2011 Bhf. Gießen, Abfahrt ca. 12.00 Uhr nach Ankunft der Berliner
18.03.2011 Schloss RHH, Abfahrt ca. 12.15 Uhr
